

# ONE WEEK ONLINE FDP ON **ENGLISH LANGUAGE TEACHING AND RESEARCH**

BY NATIONALLY ACCLAIMED ELT VETERANS

**17 TO 23 MAY 2021**

**DEPARTMENT OF  
LANGUAGES AND COMMUNICATION**

## ABOUT THE INSTITUTION

Kumaraguru College of Technology (KCT), Coimbatore, India instituted in 1984 is an institution born out of a rich legacy, strong vision and great commitment of Sakthi Group of Companies. The dynamic vision of the Founder Chairman Arutchelvar Dr. N. Mahalingam is to deliver education of exception and inspiration and the institution is dedicated to offer noteworthy educational experience that expands intellectual horizons and builds empowered and conscientious students. Strategically located amidst the IT corridor in a sprawling 156 acres campus, KCT offers 15 Undergraduate programmes, 16 Postgraduate programmes and as many research programmes. Consistently ranked among the top 100 engineering colleges by NIRF for the past 5 years, KCT epitomises the vision of its founder to nurture the youth to build a progressive future. The student-led centres, Ré, iQube and Garage along with the industry focused KC.IRI, KCT TIFAC CORE, CEAD, and FORGE, KCT provides unique experiential education model to its students in addition to offering the industry with consulting services and the aspiring entrepreneurs with guidance for business start-ups. KCT strives to augment the quality of life of the students by sowing the seeds of quest for Knowledge, Character and Transformation.

## ABOUT THE SCHOOL OF FOUNDATIONAL SCIENCES

School of Foundational Sciences (SFS) of KCT envisages to embrace a spectrum of diversified disciplines and offers courses which seek to expand the thinking horizons and imagination capabilities of the engineering students and become a gateway to transdisciplinary collaborations to contribute to the culture of future. **The Department of Languages and Communication** is an integral part of SFS that offers English and other foreign languages in addition to short-term certificate courses and open elective courses for students of engineering and technology. The proactive team of teachers of English Language are committed to provide excellence in teaching and research.

## ABOUT THE FDP

Teaching of English has undergone a paradigm shift in the recent years and there is an urgent need to facilitate English language learning as a life skill. The teacher can successfully impart this life skill by being a facilitator rather than an instructor and this is possible only with the collaborative endeavours of curriculum designers, teachers, students as well as administrators. The present online Faculty Development Programme will contour these aspects to systematize and thereby facilitate streamlining of English Language Teaching and Research in Institutions of Higher Education. The Programme plans to equip the participants with the major components involved in curriculum development, material production, evaluation strategies and tools in addition to insightful sessions on research in ELT and drafting proposals for prospective funding agencies.
