

Department of **Biotechnology**

6 Day Online AICTE ISTE Refresher Programme on **Bioanalytical Techniques**

Valedictory Function: Thursday, **29th April 2021** | 1.30 PM to 2.00 PM
Via Microsoft Teams

Chief guest

Mr. Mohammed Adil S

Regulatory & Quality Consultant,
IVDR Specialist,
Immunodiagnostic Systems (IDS), UK

Mr. Mohammed Adil S has graduated in Bio-Technology from Bharathidasan University, Trichy and has obtained his MSc in Drug Design and Biomedical Science from Napier University, Edinburgh, UK. He has over ten years experience in consulting Quality/Regulatory compliance as a quality & validation engineer assuming responsibilities as an engineer, technical lead and subject matter expert in FDA and Europe regulated industries. He has generated a revenue of \$1.5million from in vitro diagnostic device projects. He serves as a MDR/IVDR Transition Program Manager, Quality Management System (ISO 9001:2015) Lead Auditor, Medical Devices QMS (ISO 13485 2016) Lead Auditor and Laboratory Quality Management System (ISO 15189:2012) Internal Auditor. He is also a trainer for regulatory quality management system and In vitro diagnostic devices design verification and validation and is currently a Subject Matter Expert for implementing EU and UK regulations for clinical chemistry, immunoassays, auto immunity and infectious disease assays at Immunodiagnostic Systems, UK.
