Dear Sir/Madam,

Thanks for took participation in Atal Ranking of Institutions on Innovation Achievement (ARIIA) 2019.

A hearty congratulation to the ARIIA Awardee institutions. These institutes were felicitated by Hon'ble President of India during the result announcement ceremony held on 8th April 2019. Top 10 institutes in the category of "Government Funded" and top 5 institutes in the category of "Private or Self finance" were announced. Please visit ARIIA webpage (www.ariia.gov.in) to see the result. Participation certificates will be sent to all the remain institutes those participated till last stage of evaluation. Participation certificates will be dispatched to institutes very soon.

As ARIIA annual ranking will be conducted every year, therefore, no second list will be issued for the ARIIA 2019 edition. Gradually the number of institutes in the rank list will increase in 2020 edition and subsequent editions.

We have developed "Improvement Card" for the top 100 odd institutes shortlisted for this purpose. Improvement card is a graphical representation of efforts put by institute relative to other institutes in 6 major indicators. This graphic representation will give scope for improvement and which component of ecosystem need more focus and effort in the process of building a innovation and startup ecosystem in campus. To access this, institutes need to log into the portal and can see the improvement card.

Please stay tune with upcoming announcements regarding ARIIA 2020 and continue to put more concentrated effort in all the 7 parameters as mentioned in the ranking process and buildup your application for the ARIIA 2020. We will look forward to see your application for the 2020 edition".

Thanks and best wishes.
ARIIA Team
